EXPERIENCE

Florintech , Ojo Lagos — *Frontend Tutor*

SEP 2024 - PRESENT

Share and expand my knowledge by teaching beginners how to build responsive and interactive web interfaces using HTML, CSS, JavaScript, and React. Guide students through real-world projects, explaining best practices in frontend development, and helping them understand version control with Git. Foster a collaborative and supportive learning environment to boost their confidence and practical skills.

Florintech Computer College

JAN 31 2024 - PRESENT

Learning and building real-world web projects using HTML, CSS, Sass, JavaScript, and React. Gaining hands-on experience in frontend development and improving problem-solving skills.

SKILLS

Languages:

HTML · CSS · JavaScript

Frameworks & Libraries:

React.js · Next.js · Tailwind CSS · Chakra UI

Version Control:

Git · GitHub

Collaboration Tools:

Slack

Testing & Debugging:

Browser DevTools · Cross-Browser Testing · Jest

PROJECTS

Country App - *Focus on API Integration*

A web application that allows users to search for countries and view detailed information such as population, currencies, and languages using RESTful APIs.

TastyHub - *Focus on UI & Responsive layouts*

A modern restaurant website with a sleek design, featuring an interactive menu, responsive layout, and engaging user experience.

Ticket Generator - *Focus on Form Validation*

A tool that generates event tickets dynamically, with strong focus on form input validation and user-friendly feedback.
